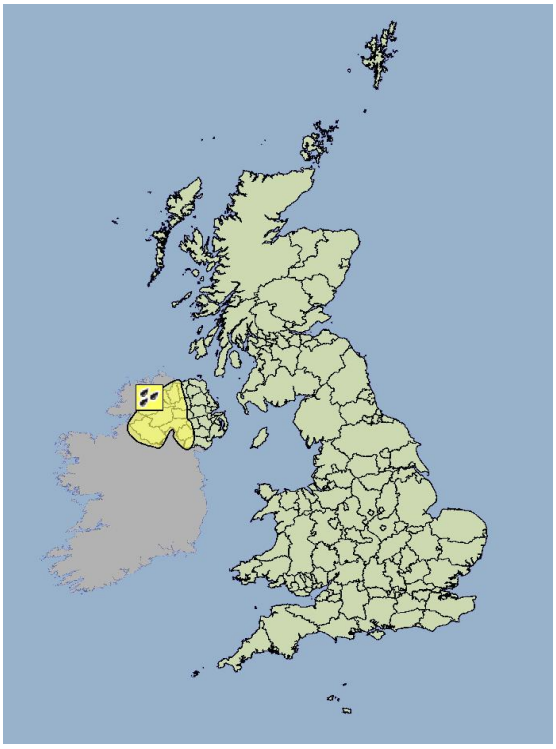
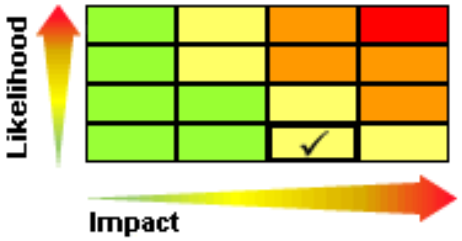
National Severe Weather Warning Service





Chief Forecasters Assessment
Heavy showers are expected to develop around midday on Saturday, with scattered thunderstorms likely during the afternoon and early evening. The heaviest thunderstorms could produce hail, with perhaps 20 to 25 mm of rain within an hour in a few places. As often in these situations, some places will miss the showers.

The Met Office have issued a **Yellow Warning** of **Rain**

Valid from **12:00 on Sat, 28th May 2016** until **21:00 on Sat, 28th May 2016**

Although some places will remain dry during Saturday, scattered heavy showers and thunderstorms are likely to develop through the afternoon and continue into the evening. Please be aware of the potential for localised surface water flooding, whilst hail and lightning will be additional hazards for travel and outdoor activities.
